#### SERVAS - international traveller/host system

Servas (named from the Esperanto for 'we serve') must be one of the better kept secrets of the universe - to those who don't know about it! It promotes international understanding through hospitality - hosts provide up to a couple of nights accommodation to accredited travellers but of especial value is the exchange between the two, and the valuable information hosts can give travellers about the locality, its history and culture. Accommodation is provided free by hosts but they can decline to take travellers if it's inconvenient for any reason. Many travellers subsequently become hosts - and hosts can become travellers! There are Servas hosts in most parts of the world where you're likely to be travelling.

At the moment there are 95 hosts in Ireland - all over the place, North, South, East and West. Using Servas on your travels can dramatically increase your contact and understanding locally. Though a tip for some countries would be that it's best to travel off-peak, when hosts are more likely to be home. Further details are available from the Irish Servas secretary, Luke Plunkett, 5 Priory Drive, Stillorgan, Co Dublin, phone Dublin 2880567. Becoming a host is free, becoming a traveller may cost you £18 - £22 which includes the host lists of countries you're travelling to.
